

NORTH STAR CAPITAL

Equipment Leasing Simplified

Overview

North Star Capital offers financing on Allen Equipment for both Dealers and Contractors, specializing in high-residual operating leases.

High-residual leases offer distinct advantages to Dealers and Contractors by not only lowering upfront costs, but significantly reducing monthly payments and creating a fleet management solution not available otherwise.

North Star Capital makes equipment financing available, simple, and cost effective.

Simple 4 Step Application Process

Automatic Billing and Payments

Fleet Management Program

Paperless Workflows

Asset Management Tools

Leasing Benefits

- ▲ Lower Monthly Payments
- ▲ Reduced Cost of Ownership
- ▲ Increased Tax Savings
- ▲ Increased Up-Time
- ▲ Extended Warranties
- ▲ Automatic Payments

Fleet Management

North Star Capital's Fleet Management program is specially designed to increase Contractor's up time and offer a simple upgrade system as old equipment wears out. Contractors and their teams can receive new equipment every 24 - 48 months without the hassle of high-cost maintenance or purchasing new equipment.

Every piece of equipment leased through North Star Capital comes with an extended warranty and a maintenance plan to maximize your work up time.
